INNOVATION, COMMUNICATION AND ENTERPRISE (ICE)

We have developed a selection of bite-sized Continuous Personal and Professional Development (CPPD) accredited modules. These courses blend traditional and creative workplace techniques.

The modules are for anyone who has recently graduated, is looking for a career change or returning to work. These modules will help to improve your work-related qualifications and can help advance your career.

PROGRESSION ROUTE

Each module is worth 20 credits. If you successfully complete 240 credits including core modules then you will achieve a Foundation Degree in Innovation, Communication and Enterprise. You will then have the option to top-up to the final year and obtain a Bachelors Degree.

ENTRY REQUIREMENTS

Level 3 qualification eg A level, BTEC National or suitable work experience.
