Celebrating the Classes of 2021

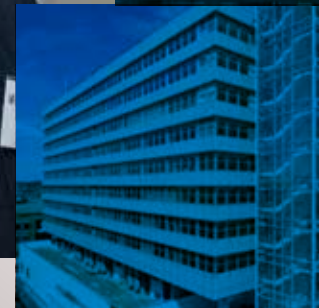

Virtual Celebration Event

28 July 2021

uwl.london/Creativeclassof2021

Congratulations from the Vice-Chancellor

To our class of creatives - Congratulations!

This virtual celebration event is an opportunity to recognise all your hard work during your time at UWL and to celebrate your successes together.

I believe passionately in the power of education to transform lives; and it is this conviction that sits at the heart of everything we do at the University of West London. As you reflect on your time at university, I hope you can see the influence that education has had on your life and on those around you. During your university journey, you will have developed the knowledge, skills and expertise that will set you up for your future career.

However, I am mindful that for many of you, this journey will not have been easy, and will have involved hard work, sacrifice and determination. I am also very much aware that the last year has been particularly difficult, but despite everything, we at the University are exceptionally proud of the way you have responded to the pandemic.

Throughout, you have shown incredible resilience, maturity, and commitment.

So, on behalf of everyone at the University, can I say many congratulations on everything you have achieved.

Professor Peter John CBE
Vice-Chancellor

You are the next generation of creative professionals!

We know how great you are and what you do in your career will have the power to change lives and transform the world around us. This has never been more true than now in the time of Covid-19.

You will do amazing things but sometimes your journey will be tough and you will need to lean on others for support. Thankfully, the creative industries are full of people who want to support you and encourage you to be the best you can be.

So we have asked a range of creative professionals to share their words of encouragement, wisdom and advice to support you as you take your next steps in your career.

After the celebration has ended, you can hear these comments again and, whenever you need that lift in your professional life, those words of wisdom will be there for you.

“We are incredibly proud of all that you have achieved in these remarkably challenging times. Your innovation, creativity and talent in completing your studies will stand you in exceptional stead for your life and career. We look forward to following your successes. All the very best in your journey and do please keep in touch.”

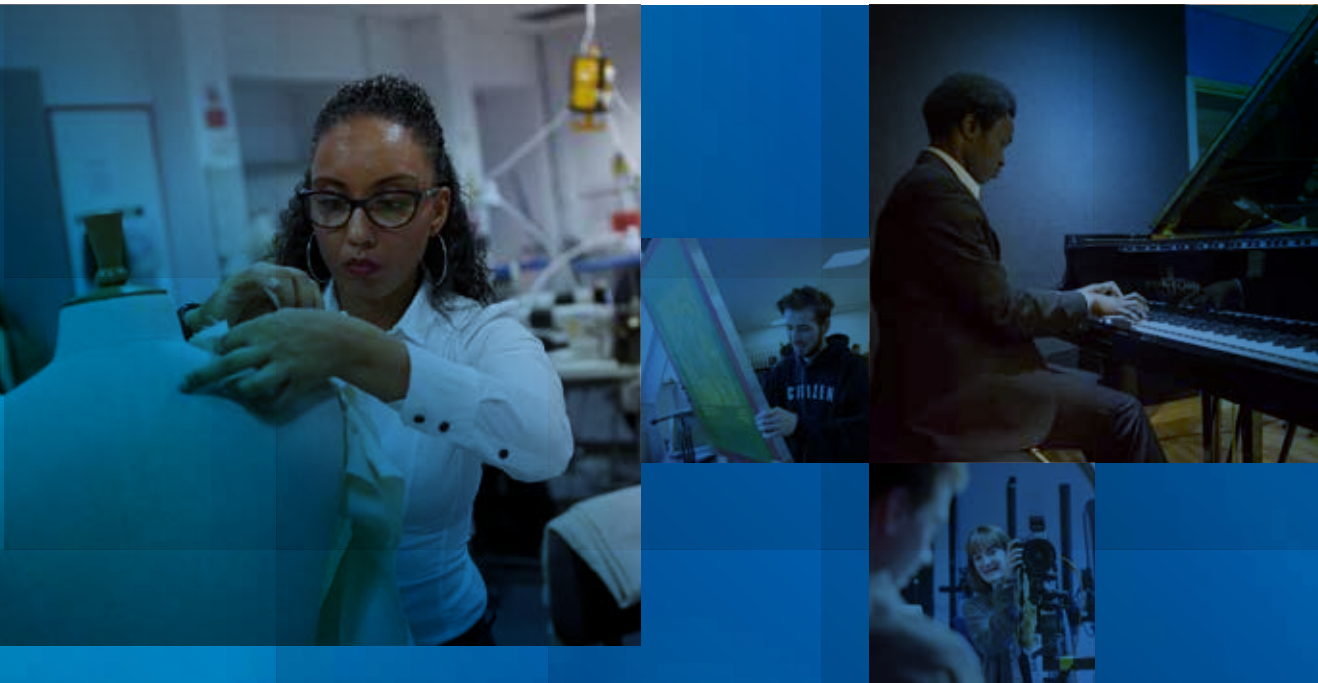

Professor Nicholas McKay

Director of London College of Music

“What you have learnt at UWL will hold you in great stead for the future. Well done. Thank you for being our students and I wish you all the best for the future.”

Paul Lohneis

Head of London School of Film, Media and Design

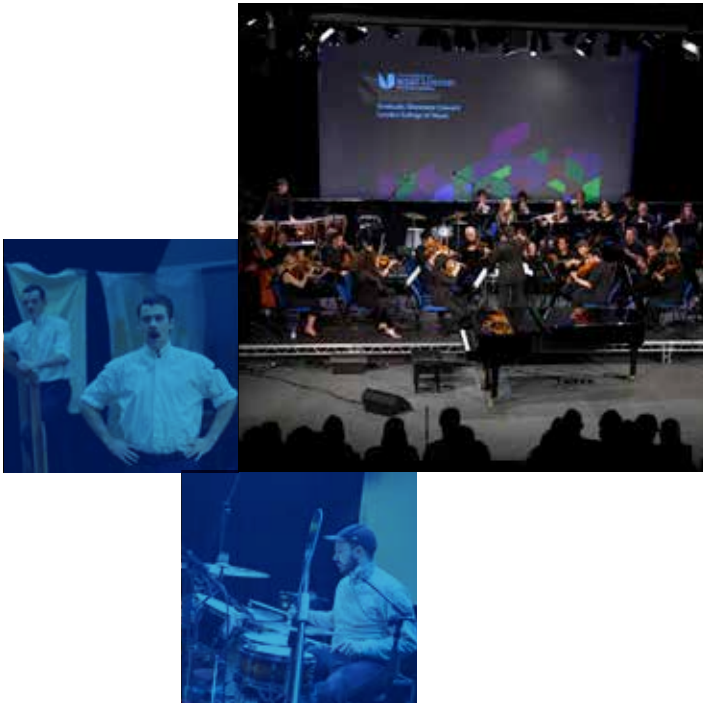

You've risen to the challenge!

UWL could not be prouder of the way so many of you have risen to the challenge of Covid-19.

You have adapted to complete your studies in incredibly difficult circumstances, shown resilience in the face of adversity and demonstrated innovation to find new ways to get things done.

As the creative industries begin to rebuild, the expertise you have learnt through your studies and the skills you have developed in adversity will enable our industry to flourish again.

The last year has shown us the benefits our profession brings to the world around us, and you will play a key role in returning joy, excitement and adventure to our society.

Messages

We asked you to share your messages and here is what you said.
You can also add your message to the live event by sharing it on social media with the hashtag **#loveUWL**
