SECTION B: EXPLANATORY NOTES

1. Scope of the Appeal Process: The Appeal Regulations provide a single process for students who wish to appeal against outcomes arising from the procedures set out in section 5. of the Appeal Form (Form A). The following circumstances fall outside the scope of the appeal process and are covered by separate regulations, as follows:

| Complaints regarding the provision of academic services described in the University’s - publications including teaching, content of courses, support for learning | Complaints Procedure |
| Incorrect or misleading information about services provided by the University | |
| Provision of other University services described in literature published by the University | |
| Complaints about the behaviour of other students | |
| Unacceptable behaviour of University staff | |

| Complaints regarding the Admissions process | University Secretary |

2. Grounds for Appeal
A student may appeal on one or more of the grounds set out in section 6. of the Appeal Form (Form A). The following are unacceptable grounds for appeal and any appeal founded exclusively on one or more of the following grounds shall be rejected automatically:

- appeals against the academic judgement of internal or External Examiners;
- appeals based upon the informal assessment of a student’s work by members of academic staff;
- retrospective reporting of mitigating circumstances that might reasonably have been made known at the proper time;
- marginal failure to attain a higher classification of award;
- in the case of disciplinary matters, the provision of an apology by a student for their actions shall not be deemed reason for an appeal to be heard;
- lack of awareness by a student of the relevant procedure or regulations;
- vexatious or frivolous appeals;
- where no fresh evidence is submitted or there has not been a material change of circumstances since the last decision on the matter.

3. Timescales for Submitting an Appeal: An appeal must be received within 10 working days of the formal notification of the decision being appealed against. This shall normally be the date given on the
decision letter, or else the official publication of results date. The University Secretary may exercise discretion to consider and allow a late request where a student demonstrates good reason for delay.

In all cases, the original decision/outcome is final and not varied until and unless a successful appeal results in an alternative decision.

4. Supporting Evidence: Supporting evidence must be submitted by the student together with the appeal request or within seven calendar days of submission of the appeal, and must provide evidence of the points covered in the written request for appeal (for example, medical certification). The University Secretary may exercise discretion to allow late submission of evidence where a student demonstrates good reason for delay.
