DATA PROTECTION:

Personal data collected on this form will be used for the purpose of considering your mitigation and will be retained on your file. We may use this information to identify support or services which would be beneficial to you. The information provided will not be shared beyond those processing the mitigation. For further information please see the Privacy notice for students available at uwl.ac.uk/about-us/policies-and-regulations/privacy-and-data-protection.

SELF-CERTIFICATION GUIDANCE NOTES:

‘Mitigating circumstances are circumstances that are outside a student’s control which may negatively impact a student’s ability to undertake or complete any assessment, such that the assessment submitted would not be a true reflection of the student’s capabilities in normal circumstances.’

Reasons for Mitigation include:

- physical or mental ill-health
- severe financial hardship
- emotional/personal difficulties e.g. bereavement
- disability i.e. where the student’s disability comes to light for the first time at assessment
- unavoidable absence from the University e.g. unforeseen requirements of employer
- unavoidable absence from home e.g. eviction
- loss of immigration status
- jury service
- other serious circumstances which could not be foreseen by the student or serious circumstances beyond the control of the student.

1. Extensions: When you think you need a bit more time to complete coursework due to your mitigating circumstances, an extension allows you to submit work late without the mark being capped.

Requests for extensions must be submitted before the original submission deadline by completing and submitting this Self-certification Form (Form S).

Work must then be submitted as soon as possible, up to 10 working days after the original deadline. Work submitted within the 10 working days will not be capped.

For dissertations or final project modules, the work must be submitted no later than one month after the original deadline. Please note that submitting your dissertation or final project late may delay your graduation.

Requests for extensions received after the submission deadline will not be considered and standard penalties for late submission will apply.

Extensions are not available for examinations or other timetabled assessments (e.g. in-class tests).

2. Mitigation: When you think you are going to fail an assessment, or if you cannot submit an assessment or attend an examination due to your circumstances, mitigation allows for a further attempt at an assessment.

Requests for mitigation should be submitted before the submission deadline. Where circumstances are not known in advance of the deadline, requests for mitigation must normally be submitted no more than 10 working days after the assessment due date, by completing and submitting this Self-certification Form (Form S).

Your further attempt will take place at the next available opportunity. You will receive details of the next attempt in writing, after the Assessment Board takes place.

You should make sure you get in touch with your Personal Tutor, Module Leader, or Course Leader for academic advice, and the Students’ Union for support with the impact of mitigation on your workload and progression to the next level of your course. Remember, mitigation may delay your graduation.

Please note that the University reserves the right to request evidence of your mitigating circumstances where we have reason to believe that you have provided inaccurate information.

3. Late Mitigation: When you have failed an assessment, or did not submit an assessment, or did not attend an examination due to your mitigating circumstances, but didn’t make them known at the time, late mitigation may allow for a further attempt at an assessment.

To request late mitigation you will need to complete and submit the Late Mitigation Form (Form M) found at uwl.ac.uk/policies, and provide documentary evidence of your mitigating circumstances.

You can’t mitigate if you have passed the assessment or module.
